

WHAT'S NEEDED TO PROCESS INTEGRATED EMV CREDIT CARDS WITH MICROSOFT RMS

- A software add-on that has been processor certified to work with Microsoft RMS and the payment terminal.
- Pomodo must certify each solution in order to be able to install and support that solution.

*RMS requires 3rd party software to integrate. Pomodo can only provide World Pay 3rd party software, so if switching to another processor, this must be provided by the processor or there will be no integration (in which case a separate terminal would have to be used). Currently, we do not support any integrations other than World Pay. We will still support the software but not the integration unless it is certified through us.

RMS Direct EMV integrations currently certified by Pomodo

As of 8/29/2018

Processor	Developer / Solution	Hardware	Debit	Signature	EBT	Gift	Price
WP	Retail Realm Software add-on	VX805 USB	Yes	No	Yes	Yes	Call
WP	Retail Realm Software add-on	ISC250 USB	Yes	Yes	Yes	Yes	Call

If you are a credit card processor and would like to have your RMS software integration solution certified by Pomodo please contact our office @ 814-288-5334 ext 32 or e-mail bethd@pomodosoftware.com

If you are a customer and want to have the credit card processor install and support your RMS EMV software integration solution directly please inform our tech support staff to update your profile with us.
